

# Introduction PROGRAM

Quality referral clients are essential to the growth of your business as well as ours!

We are building a great marketing company in the same manner that you are building your practice, one client at a time. We hope that FIG's unique service experience, along with our marketing consultants and marketing programs, will give you reason to refer advisors to us, as well as provide you with an outstanding opportunity!

Introduce a fellow advisor to FIG, and if he/she is contracted within **60 days** and joins our team, we will give you **\$100 in Fast Cash** to be used any way you like!

As additional sincere thanks, after 6 months from the date of contracting, we will check and see if your referral has done business with us. Any business your referral has done can help you qualify for **FIG's Exciting 2009 Destination: Rediscover the Dominican in Punta Cana, Dominican Republic**. If you have already qualified for our trip, we will apply your referral's production amounts to YOUR Advisor's Advantage Club level!

**Ask your Marketing Consultant how you can enroll today!**

of Business : \_\_\_\_\_ Date of Contact : \_\_\_\_\_  
Current FIG  
Advisor's Name : \_\_\_\_\_  
Marketer : \_\_\_\_\_  
  
Referring Advisor Signature: \_\_\_\_\_

## TERMS AND RULES:

*Advisor understands that the referral must be signed before contract is executed. FIG will use the formula when business is written to apply it to trip credits first, then Producer Paycheck if trip is already earned. FIG has the right to modify, change, or terminate this program at any time. All decision made by FIG are final. Advisor referring has unlimited opportunities, but advisor can not be in hierarchy at any level. Referring advisor must be licensed at the time referral bonus would be applied. A new advisor is defined as an advisor that is not currently nor has ever been contracted with FIG. No bonus will be applied if referring producer has a debit balance with FIG. If an advisor moves to another organization, any referral deal is null and void.*
